Department Coordinators	https://erasmus.alanya.edu.tr/en/coordinators/erasmusunit-coordinators/
Course Catalogue	https://erasmus.alanya.edu.tr/en#
Language of Instruction	English and Turkish. The Turkish courses chosen by the incoming students will be taught in English regardless of the number of participants.
Application Deadline (Fall Semester & Full year)	1 st of August
Application Deadline (Spring Semester)	1 st of December
Application Procedure	https://erasmus.alanya.edu.tr/en/incoming-student/studymobility-sms/application-process/
Visa Requirements	Please refer to visa requirements provided by the Turkish Embassy in your country of residence. All students are required to apply for an education visa. Please avoid entering Turkey with a tourist visa to prevent possible residence issues.
Facilities	Library, fitness center, sport services, student clubs, health services, and free internet access on campus.

Accommodation

ALKU student dormitory is currently under construction. Incoming students may follow the application process and apply for the accommodation as well. However, since Alanya is the summer tourism capital of Turkey, there are also many high-quality hotels and apartments available. The incoming students may also share a room with our Erasmus Student Club students.

Health Insurance

In line with the new Turkish regulation on residence permits, all Erasmus students are required to obtain a general Health Insurance which is valid in Turkey with specific conditions defined in the new regulation. Erasmus students who are entitled to medical assistance in their home countries and students from countries that have social security agreements with Turkey, are eligible for health benefits within the framework of these agreements.

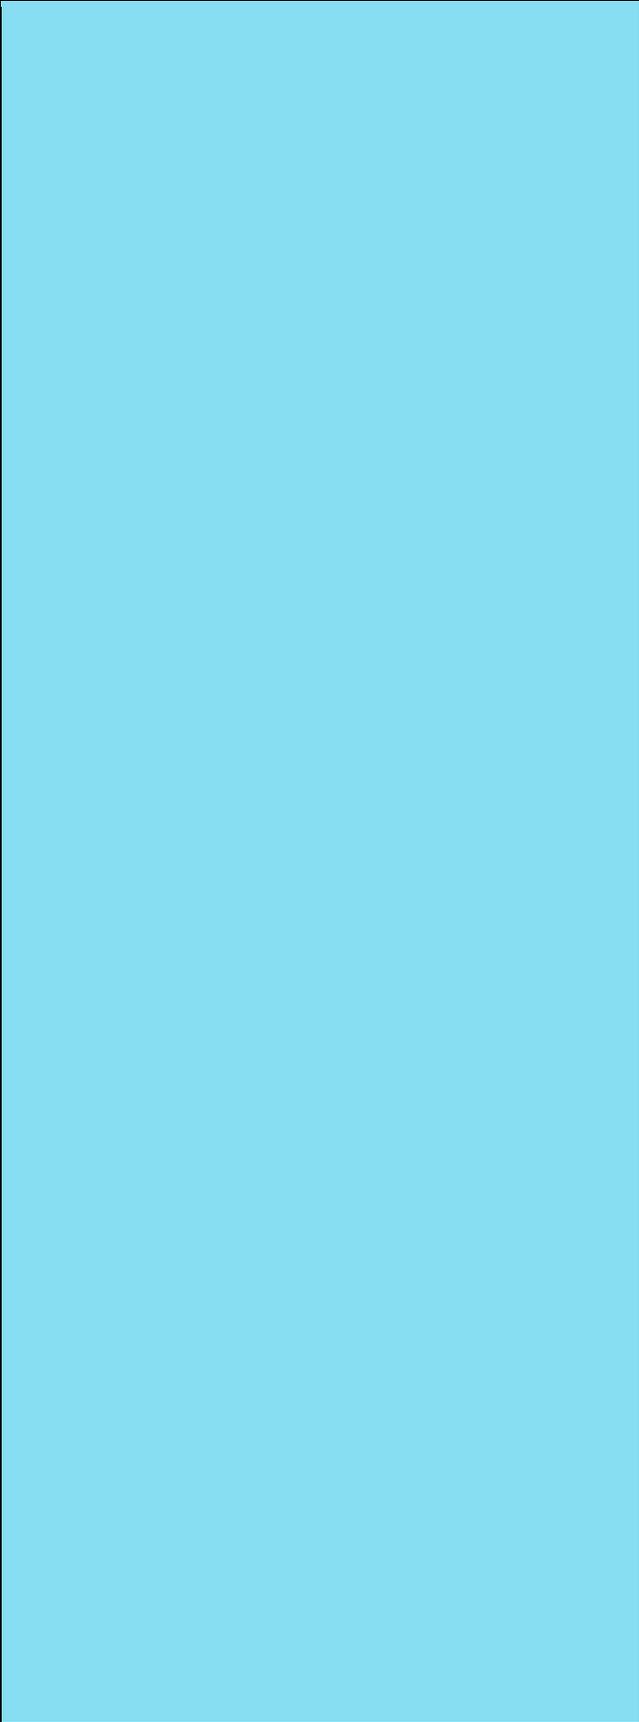

Erasmus Students are eligible for using the health benefits on the condition that they receive a “Right to Health Assistance Certificate (formularies)” from the social security institution of their home countries (which have signed a social security agreement with Turkey).

This certificate should be sent to ALKÜ and to the provincial directorate of social security of the city of residence.

Countries that have health agreements with Turkey:

- Germany: T/A 11, T/A 9, T/A 20
- The Netherlands: N/TUR 106, N/TUR 111, N/TUR 121
- Belgium: BT.8, BT 16
- Australia: A/TR 3, A/TR 4
- Romania: R/TR 3, R/TR5, R/TR 6
- Bosnia-Herzegovina: BH/TR 4, BH/TR 6, BH/TR 7
- The Czech Republic: CZ/TR 111
- Macedonia: MC/TR 4, TR/MC 6
- Luxembourg: TR/L 3, TR/L 5
- Albania: AL/TR 4, TR/AL 5

Students from other countries that do not have a social security agreement with Turkey should not issue any insurances for their Erasmus period in their home countries, but they should issue a Health Insurance after their arrival to Alanya. Due to the new Turkish law, many of the foreign health insurances are not recognized in Turkey since they may not meet the specific criteria.

The health insurance costs approximately 70 euros for a sixmonth period and 90 euros for a twelve-month period.

Bachelor's degree programs

Faculty of Engineering

- Computer Engineering (Eng.)
- Electrical and Electronics Engineering (Eng.)
- Genetics and Bioengineering (Eng.)
- Mechanical Engineering (Eng.)
- Management Engineering (Eng.)
- Food Engineering (Eng.)
- Biosystems Engineering
- Industrial Engineering
- Civil Engineering
- Metallurgy and Materials Engineering
- Engineering Sciences

Faculty of Education

- Foreign Languages (Eng.)
- Education Sciences
- Arts Education
- Mathematics and Science
- Special Education
- Basic Education
- Turkish and Social Sciences

Faculty of Economics and Administration

- Business Administration
- International Trade
- Economics
- Finance
- Human Resource Management

Faculty of Sport Science

- Coaching Education
- Physical Education
- Recreation

Faculty of Medicine

- Basic Medical Sciences
- Internal Medicine
- Surgical Medical Sciences

Faculty of Dentistry

- Oral, Dental and Maxillofacial Surgery
- Oral, Dental and Maxillofacial Radiology
- Pediatric Dentistry
- Endodontics
- Orthodontics
- Periodontology
- Prosthetic Dentistry
- Restorative Dentistry
