Health Insurance

Erasmus students must obtain a valid private health insurance in Turkey. This is vital to apply for the residence permit. Please note that an ordinary travel insurance will not be accepted by the foreigners department. The insurance policy must be in English and there must be stated an article which guarantee “inpatient and outpatient treatment abroad”. Incoming students can also get a state or private health insurance in Turkey. Due to practical reasons, it's highly recommended to get an insurance in Turkey.

Please note: Resident students can benefit from Eskişehir Technical University's own medico-social facilities, located on İki Eylül Campus free of charge.
